WHY IT'S AWESOME:
Liberator's dark vigilante story is the stuff classic comics adventures are made of, and this book is a blast whether you care about animals or not. But, for animal lovers, it's an important, unique project: the first time hardline animal activism's been given the superhero treatment.

A hard-edged vigilante series about two young heroes who avenge the torture of animals.

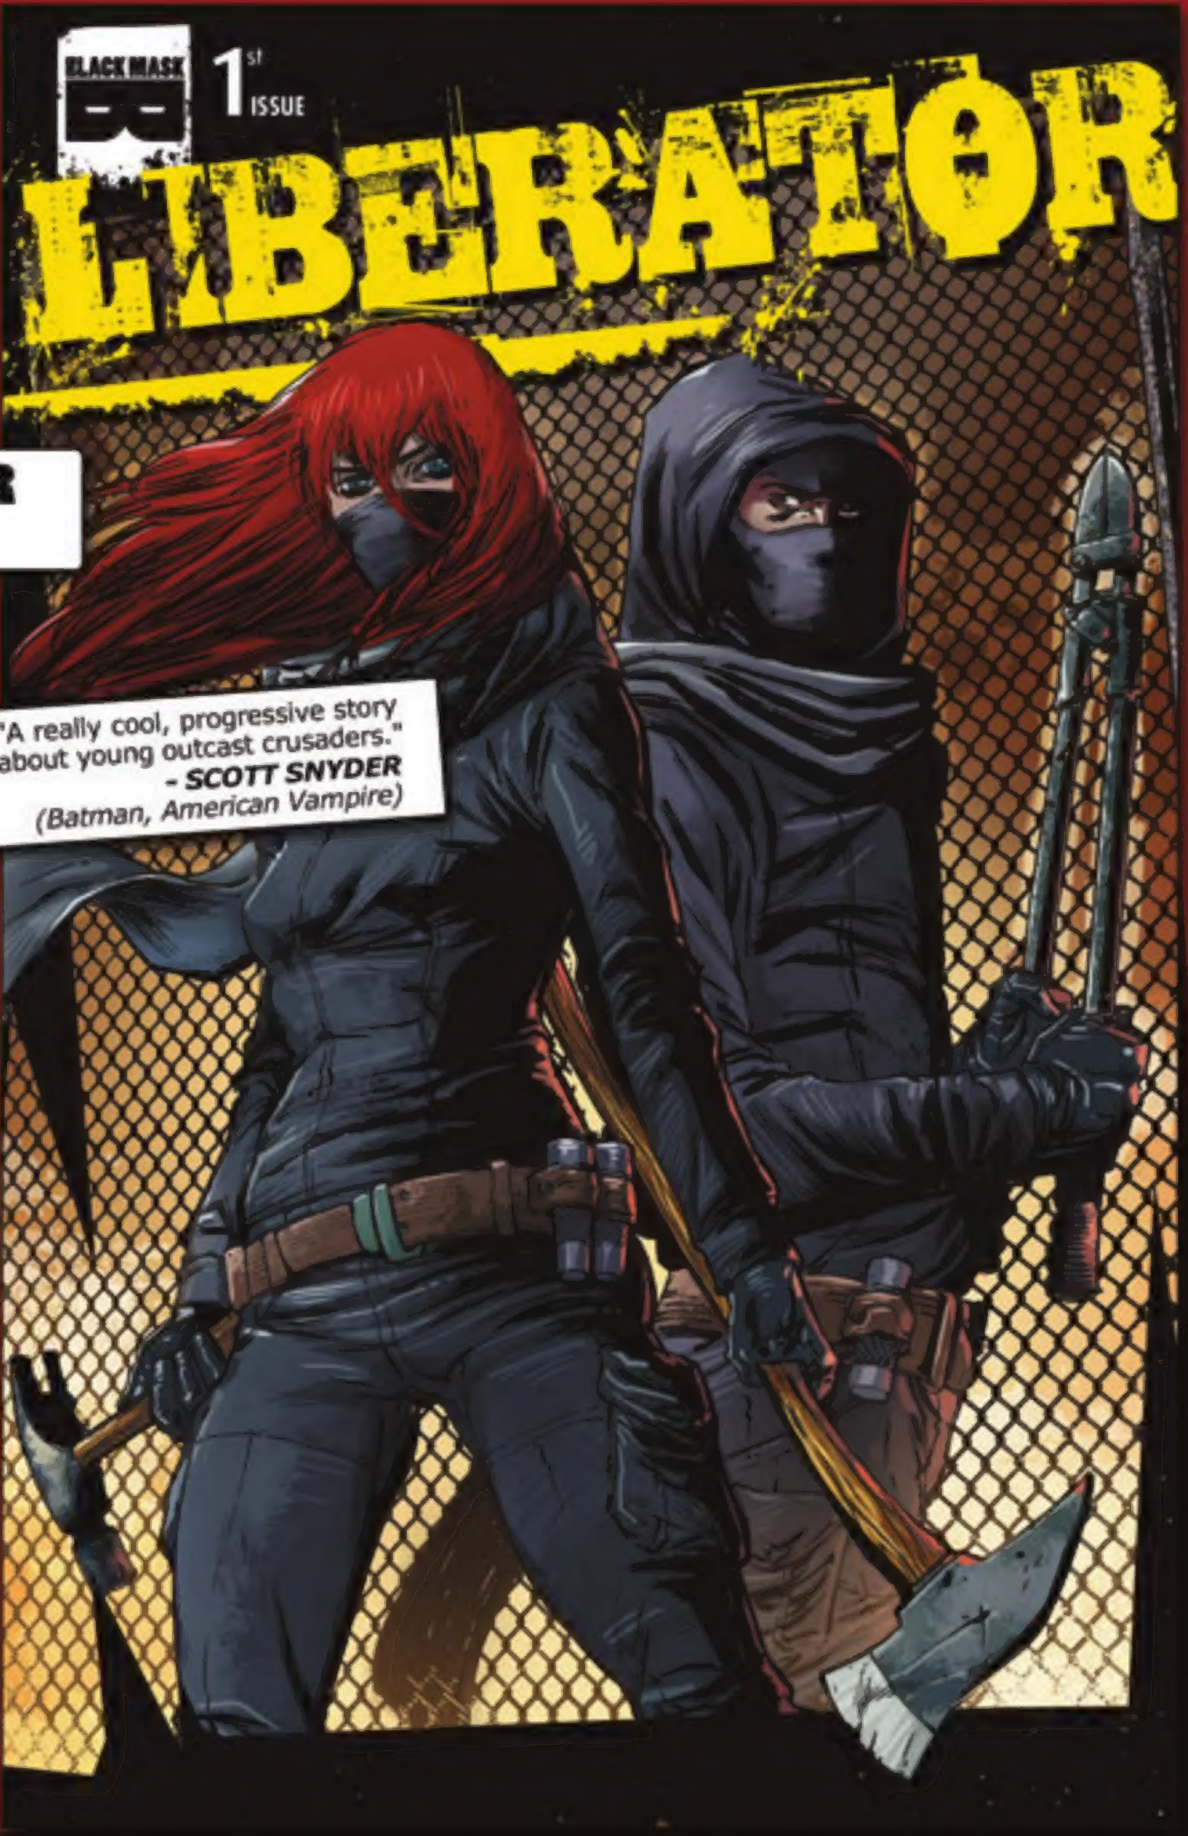
"Unlike any comic book project to date, Miner delivers a message about the world of animal abuse from the point-of-view of someone with expert knowledge on the matter, while blending it with a gritty protagonist in the vein of **Batman** or **The Punisher**." *-ComicBooked*



"A really cool, progressive story about young outcast crusaders."

WHY IT'S AWESOME:

It's **Darick Robertson's** return to the hard sci-fi worldbuilding of his classic **Transmetropolitan** but mixed with **The Boys'** ultra-violence and the lunacy of **Happy**.
Writer **Adam Egypt Mortimer's** mix of speculative science, pulpy noire, and drug-addied adventure cooks up a strange brew of *Lethal Weapon* by way of Cronenberg meets *Dr. Who* if written by Odd Future.

EDITOR'S note

We're only a few month's away from the 2013 edition of Comic Con International in San Diego, California! I've been busy nailing down the details of my yearly pilgrimage to the Golden State, and I for one cannot wait to get back on West Coast time and wander the vast Comic Con hall hunting for cool monster toys and show exclusives for myself and friends who cannot make the trip. It's always a blast to see what the hall will look like each year, and I have a feeling that this year's Comic Con could be the biggest yet. Time will tell, my friends...

Also, if you hadn't noticed, we're celebrating Indie Edge this month in ***PREVIEWS***. It's a great opportunity to bring attention to the truly incredible mix of comics and graphic novels available today, for readers of all ages and interests. We've plastered our "Indie Edge" icon all over this month's Comics Section, and we're sure you're going to find something cool that you may not have noticed or read before. And if you flip this catalog over, on the aptly named "FlipSide" we've got an exclusive interview with *World War Z* author Max Brooks, talking about his new Vampires vs. Zombies epic, Extinction Parade, from Avatar Press!

And, we're still highlighting this year's batch of titles to be offered up for FREE (at participating retailers) on Saturday, May 4th, 2013. Free Comic Book Day is just a couple of months away, and we have one of our biggest selections of titles ever this year, with truly something for any taste, whether it be for mainstream superheroes or indie series. You can check out all of the FCBD listings on page 21 of this issue.

That's all for me this month! I'll see you in 30 for our May issue!

Your Pal @ ***PREVIEWS***,

Marty

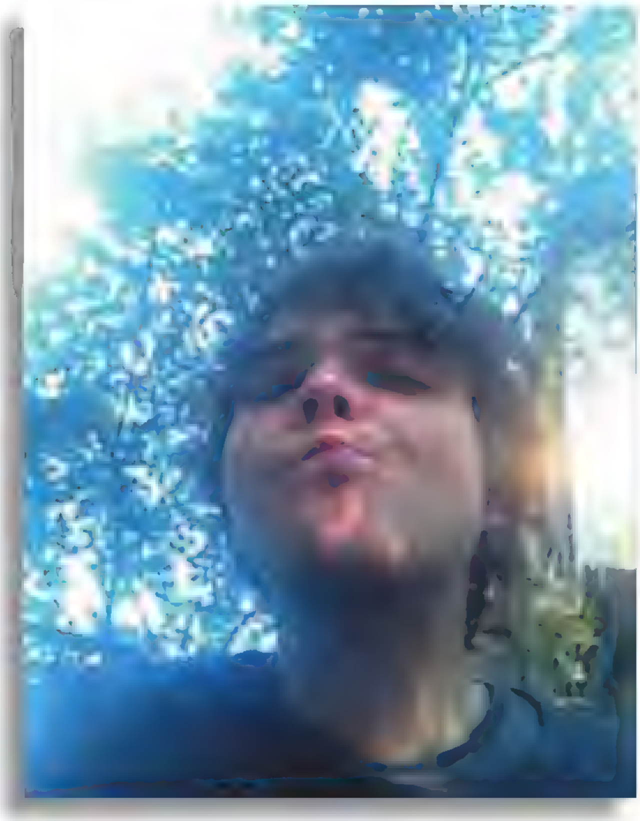
INDIE EDGE

GERARDwayGERARDwayGERARDwayGERARDwayGERARDwayGERARDwayGERARDwayGERARDway GERARDway

This month's featured creators is...

GERARD WAY



Gerard Way is the writer/creator of the award-winning *The Umbrella Academy* (SEP108136), with artist Gabriel Bá, and co-writer of the upcoming miniseries *The True Lives of the Fabulous Killjoys* (#1 solicited in this issue — check the Dark Horse section!), with Shaun Simon and artist Becky Cloonan, both published by Dark Horse Comics. Way is perhaps best known for his work in the band *My Chemical Romance*, but his desire to work in comics came long before the band's formation in 2001. He attended the School of Visual Arts in New York City along with great artists like Farel Dalrymple, and interned for DC Comics under the tutelage of Joey Cavalieri. While Way's work in comics is primarily focused on writing, he still finds time to draw, alongside his wife, Lindsey, and their daughter Bandit.

Gerard Way, what are your favorite projects you've contributed to over the past decade?

Ah! Well, I have only had the honor of writing two graphic novels and a six-issue limited series that I am collaborating on. So I would have to say *all* of them — *The Umbrella Academy* (with Gabriel Ba) and *The True Lives of the Fabulous Killjoys* (with Shaun Simon and Becky Cloonan). They are both very different so I get to stretch in different ways. I'm also looking forward to writing more books this year!

Gerard Way, what are you currently working on?

The True Lives of the Fabulous Killjoys and *The Umbrella Academy* Series 3 (in it's *very* early stages).

Gerard Way, what fun Indie comics are you reading?

I love ***Bulletproof Coffin*** (FEB110428),
Prison Pit (AUG090885) and
the Yohihiro Tatsumi collections offered by

A ERA PASSES IN MARVEL COMICS' AGE OF *ULTRON* #10

The heroes of the Marvel Universe have seen dark days. From Secret Wars to Civil Wars, Crusades to Annihilations, Onslaughts to Invasions, the heroes have banded together, no matter their differences, when the fate of the world was at stake — and they have triumphed over every adversity the universe has thrown at them. This spring, they face their ultimate test as an enemy engineered and evolved specifically to defeat them — Ultron — has overtaken them and overwhelmed the Earth in Brian Michael Bendis' *Age of Ultron*. This June, Bendis and artists Brandon Peterson, Carlos Pacheco, and Joe Quesada bring the saga of the Marvel Universe's gravest threat to its shattering conclusion in *Age of Ultron* #10!

With their backs against the wall, with no way out, will Earth's heroes overcome their ultimate enemy? Will this be the darkest day they have seen? If there is to be a new dawn, at what cost will it arrive? Or after every crisis they have faced and every challenge they have surmounted, will the heroes finally fail?

Bendis brings his story to a close in an issue so epic that it requires three artists to do it justice! Artists Peterson and Pacheco are joined by legendary creator Joe Quesada for an ending so secret and so surprising that not only will *Age of Ultron* #10 be one of the most talked-about comic books published this year, but the issue and all of its variants will ship polybagged to keep the secrets!

With the future of the Marvel Universe at stake and Earth itself in the balance, no fan will want to miss what is sure to be one of the most significant Marvel comics of the year. *Age of Ultron* #10 arrives in shops this June — be there!

BRIAN MICHAEL BENDIS' EPIC SAGA COMES TO ITS SHATTERING CONCLUSION THIS JUNE IN A SPECIAL ISSUE WITH ART BY JOE QUESADA!

A KILLJOY FIGHTS THE CORPORATOCRACY IN GERARD WAY'S NEW SERIES

My Chemical Romance frontman and Eisner Award-winning *Umbrella Academy* creator, Gerard Way, returns to comics this summer with his new series from Dark Horse Comics, *The True Lives of the Fabulous Killjoys* #1!

A megacorporation, Better Living Industries, dominated the world, and a group of young heroes, the Killjoys, fought a brave fight against BLI's stranglehold over the lives and identities of the world's citizens. Eventually, the Killjoys fell, all but one, The Girl. As the world loses more of itself to BLI, there are rumors that the Girl is still out there, still fighting against the corporatocracy, still struggling for individuality in a world of corporate-dictated mediocrity.

In a world dominated by the megacorporations, can one person remake the world? Joined by cowriter Shaun Simon and artist Becky Cloonan, Gerard Way's new adventure begins this June in *The True Lives of the Fabulous Killjoys* #1!

ROCK OUT WITH PEAVEY'S *WALKING DEAD* GUITARS

Peavey Electronics, one of the world's leading guitar manufacturers, has joined forces with Robert Kirkman's Skybound imprint to create a line of musical instruments designed for the many fans of Kirkman's *The Walking Dead!*

Peavey gives its iconic Rockmaster guitar a zombie finish with three guitars that feature artwork by *The Walking Dead* artist Charlie Adlard, including a reproduction of the cover to *The Walking Dead* #100 and fan-favorite character Michonne. Musicians can accessorize their *Walking Dead* guitars with Peavey's leather or polyethylene *Walking Dead* guitar straps, and they can make music with the *Walking Dead* guitar pick packs. Like the guitars, the guitar straps and picks feature artwork and logos from the best-selling series.

Take it from Skybound's Shawn Kirkham: "The merging of *The Walking Dead*'s iconic art and the equally iconic Peavey brand is a no-brainer. I'm excited to see fans and musicians strapping on guitars featuring gruesome *Walking Dead* artwork from Charlie Adlard. These guitars, straps, and picks are going to look brutal!"

FELDSTEIN *The MAD Life and Fantastic Art of Al Feldstein!* takes a long-overdue look at the entire remarkable career of this legendary artist, writer, and editor. Both a full biography and a coffee-table art book, we begin with the earliest surviving Feldstein artwork from the High School of Music and Art, present his very earliest comic-book work, and we examine his highly visceral work for the classic E.C. comic book line. Along with rare and previously unpublished photographs, the book pictures every E.C. Feldstein comic book cover (many placed alongside the original artwork), presents several complete E.C. stories, plus nearly every splash page and house ad Feldstein did for E.C. We trace his thirty-year career as the editor of MAD, and present his post-retirement work as a "fine" artist, including his prize-winning Western canvases and his many commissioned paintings "revisiting" his classic cover images from the 1950s. We examine every aspect of Feldstein's long career and fascinating personal life, not all of it sweetness and light.

THE THIRD DEGREE

GREG RUCKA

What are you working on right now?
I'm working on finishing up my next novel, BRAVO-INDIGO, the sequel to ALPHA that came out last year. Writing LAZARUS, of course, as well as continuing work on the webcomic I'm doing with Rick Burchett and Eric Newsom, *Lady Sabre & The Pirates of the Ineffable Aether* (which has to be the unquestionably worst title I've ever come up with). There's some television stuff in development, as well, but as with all things in that part of California, you don't hold your breath.

What's the best part of your job?
I'm rarely called upon to sit in traffic.

What's the worst part of your job?
When the story fights back.

How did you first discover comics?
At the Nob Hill Market in Salinas, California. You'd get into the checkout line, and there'd be these tiny digest-sized black-and-white reprints of the the Kirby/Lee INCREDIBLE HULK. I did the whole hang-on-your-mother's-arm-until-she-relents to convince her to buy me one. She did. Read that thing to tatters. I was maybe five.

If you weren't working in comics, what would you be doing?
I'd like to think I'd still be a storyteller, that I'd still be writing. There'd probably be more novels and fewer editors who're concerned about my deadlines.

What's the best thing a fan has ever said to you?
It's not the kind of thing one quotes. But it's consistent. Every now and again, someone will approach me at a con or email me or similar and tell me that something I wrote helped them - got them through a bad day, or a bad patch, or let them see a way through their darkness. It means everything to hear that. Writers work so often in a vacuum. It's gratifying as hell to hear that what you've done has actually, literally, improved another's life in some way, no matter how small.

Who is the biggest influence on your work?
Douglas Adams. Though you can hardly tell.

What is the single work of which you're most proud?
I genuinely don't have one, though I know that's a cop-out. If you tied me to a chair and beat me with the hoses, I'd have to say GOTHAM CENTRAL, especially the "Half a Life" arc with Michael Lark.

Own up to one of your guilty pleasures.
Girl Scout cookies. Specifically Samoas.

What was the last comic book you bought?
SAGA by Brian K. Vaughan and Fiona Staples.

If you could be someone else for a day, who would it be?
Xavi.

Pick three things you couldn't live without.
Oooh, here come the clichés! My family - my bride and our children; my friends, the ones who are true, who have remained true through dark and light; and honesty, frankly. I admire those who tell the truth when no one wants to hear it, and I wish there were more of them. I wish I could honestly count myself among them.

What's the strangest thing you have in your house?
I have a signed baton from the US Army's precision parachuting team, the Golden Knights. They used it during an exhibition. It got passed between members in freefall.

What makes you laugh?
An awful lot, frankly.

What is one of your favorite places?
The Whiskey Bar of the Atheneum Hotel opposite Green Park, in London.

What music are you listening to these days?
A lot of cello pieces, actually. And I'm revisiting the great jazz pianist Dave Frishberg's work.

What is your favorite film of all time?
Again, there's not just one. Using the chair-and-rubber hose technique, I'd have to call it a three-way tie between *The Conversation*, *Butch Cassidy and the Sundance Kid*, and *Silence of the Lambs*.

Whom do you trust to be honest about your work?
My literary agent - and also one of my best friends - David Hale Smith.

What is the best advice you've ever received?
Concentrate on your craft. Ignore everything else if at all possible.

When was the last time you were truly frightened?
This past December.

Who is someone you really admire?
Michael Palin.

What would you like to see happen in comics in the next 12 months?
I want less coverage of events and the antics of the Big Two, and I want to see more fans reaching out to embrace everything that's on offer beyond spandex. I want more books about more things, not the same books about the same things with a new coat of paint. I want to see fans getting angry, and then acting on that anger, about the way they've been treated. They deserve better, and until they demand better, they're not going to get it.

A new arc begins! FATALE finally arrives in modern times, as Nicolas Lash's research from his prison cell draws out old enemies. And him with nowhere left to run. DAVID PETERSEN

The *Black Axe* delves into Celanawe's past. Was this arc planned from his first introduction, or was it something you decided to focus on after you were well into *Mouse Guard*?

David Petersen: Celanawe was introduced in issue #4 of *Fall*, but even before that back in issue #2 of that series when I introduced Conrad, I started thinking about a prequel volume about the two of them running around together having adventures. But the tone of what that first idea was compared to what evolved into the *Black Axe* series is very different. Originally I wanted to pair them together in a series of light-hearted adventures which didn't have any point other than the fun of the stories themselves. It was to be a buddy travelogue of Celanawe in the prime of being the Black Axe and Conrad with both of his legs. But as I worked further into *Fall* and through *Winter*, I felt the purpose of telling a prequel story like this was to explain more and add depth and perspective to what already exists. So the good time story became instead a rather tragic and weighty story about Celanawe first getting the axe and what the axe's history and relevance is.

You like to build model sets to conceptualize the architecture of structures before you actually draw them. How many sets did you wind up building for *The Black Axe*?

DP: For this volume, I built nine settings out of cardboard, chipboard, craft sticks, and paper. (Upper and Lower Port Sumac, two ships, Ildur Hall, a room inside of the Guard home of Lockhaven, a tavern, and two models related to Shorestone.) I build the models not only as reference, but I find the break from drawing and getting to use my hands and visualize spaces as I build them a big part of the design process. It would take me five times as long to get the initial design of a place just from drawing and sketching as it does to starting to cut and glue cardboard.

The conclusion of *Black Axe* ends Celanawe's "hero's journey," and his experiences have left him changed forever. What was it like to write a character that has been through so much and struggled to accomplish his goals?

DP: I needed to tell that kind of a story. *Fall* and *Winter* characters have their hardships, but for the most part, everyone comes through without too much baggage. For this story to have meaning, both within this volume and for the context of the series as a whole, I needed Celanawe to have faced tragedy and loss, and for the experience to have shaped his outlook and character rather than to have him already developed and move through the hero's journey on a track. ■

MR, Color, 32 pages, 1 of 11

On Sale: 6/19/13 – *In stores in Time for the World War Z Theatrical Premiere on 6/20!*

About: The best-selling Zombie writer in history finally unleashes an all-new epic for comics! Be ready for the summer's biggest comic event as millions of zombie fans come looking for with the first chapter of Max Brooks' *Extinction Parade!* One of the founders of the zombie renaissance, Max Brooks has sold millions of books in dozens of languages. His first book, *The Zombie Survival Guide*, not only singlehandedly jump-started the zombie prep subculture, it's graphic novel companion *Recorded Attacks* debuted as #1 on the New Times Bestseller list. His second book, *World War Z* (already a multi-million copy NYT bestseller in its own right), has been adapted by Brad Pitt into what is sure to be one of the biggest blockbuster movies of 2013. Now Brooks takes the zombie genre to a whole new level with his new comic series *Extinction Parade*, featuring stunningly rendered art by super-star Raulo (*Crossed, Captain Swing*) Caceres. Building on the seed of his hit 2010 short story, Brooks has crafted a truly epic series spanning over 250 pages. Not only does *Extinction Parade*'s multilayered depth and meticulously researched detail raise it to the standard of his previous work, it also introduces fans to an entirely new, fresh and terrifying subgenre: Vampires Vs Zombies. As humans wage their loosing fight versus the hoards of the subdead, a frightening realization sets in with the secretive Vampire race: our food is dying off. This is the story of Vampires decent into all-out war with the mindless hungry hordes of the zombie outbreak as humanity tries to survive them all. Three species in mortal conflict. Zebrafish has disbanded, at least for the summer, but the ex-band members can still improve the world in their own way. Vita is figuring out how to channel her lazy summer into something positive (with her dog Chimp's help, of course). Walt and Jay convert an old ice cream truck into an awesomely painted (and fully wired) book mobile. And Plinko and Tanya inspire their campers at Stickleback Arts Camp to seize the day. Ideally Zebrafish will reunite for the end of summer Strings of Fury concert at the Dunes, but there's a hitch — Vita refuses to play plastic. This follow-up collaboration between FableVision and Children's Hospital Boston is as rockin' as the first. (STK610460) (C: 0-1-1)

SUPER BOYS: THE AMAZING ADVENTURES OF JERRY SIEGEL AND JOE SHUSTER- THE CREATORS OF SUPERMAN

Books

We all know the story of how two friends, writer Jerry Siegel and artist Joe Shuster, got together and created the super-hero and started a genre that remains to this day. We also know about their poor business decisions, how some in the industry helped them get the recognition they deserved for their creation, and how the family is still fighting for what is due.

Super Boys: The Amazing Adventures of Jerry Siegel and Joe Shuster- The Creators of Superman gives you so much more than just what's been written previously by others. Author Brad Ricca has provided us with Jerry and Joe's family backgrounds adding to why and how they became the people they became. The research done for this book is astounding and helped to make it a "can't put down" read.

This is a must read if you ever plan to read anything about the history of the comic industry. An extremely well researched and written piece, maybe Mr. Ricca should be working for a great metropolitan newspaper or a blog.

PRIMATES HC

First Second Books

More often than not, a really good story leaves you wanting a little more. *Primates* inspires that longing for further adventures—and because it's nonfictional, you can actually find them! *Primates: The Fearless Science of Jane Goodall, Dian Fossey, and Birute Galdikas* is an engaging look at three very important scientists who enthusiastically left comfortable lives to follow their intellectual passions in the field. These three women individually made their lives' work by living in campsites, climbing mountains barefoot before dawn, and wading through swamps with machetes. At the same time, they acted as emissaries, bringing groundbreaking new information to the scientific community's understanding of chimpanzees, gorillas, and orangutans—in some cases, while lobbying with foreign governments to protect the animals and habitats they studied.

Written by much-admired science comics author Jim Ottaviani (*Feynman*) and illustrated with sensitive scale and pacing by Maris Wicks, *Primates* piqued my curiosity about primatology and sent me in search of these scientists' further writings. Isn't that the single best thing a graphic novel about science could do?

BEIRUT 1990: SNAPSHOTS OF A CIVIL WAR

Humanoids

Lovers of comics journalism and comics travel documentaries, rejoice! Award-winning creator Christophe Gaultier's *Beirut 1990: Snapshots of a Civil War* has been translated and will be available in a stunning Humanoids hardcover treatment. Following in the brilliant tradition of titles like *Jerusalem: Chronicles from the Holy City, Pyongyang: A Journey in North Korea, Footnotes in Gaza,* and *The Photographer: Into War-Torn Afghanistan With Doctors Without Borders*, this title is sure to please historians, biography fanatics, and current events junkies alike.

This kind of person-to-person history in comics is a powerful read. The creators are able to convey the visual nuances of film with the intimacy of a novel and the truth of a documentarian with the controlled framing of a classical artist. *Beirut 1990*, a graphic novel documentary, follows a pair of young brothers working with a relief organization in Lebanon during the last years of the Lebanese Civil War. The landscape and people depicted here suffered war for 15 years without any predicted end, torn between religious and ethnic factions. When Sylvain and Bruno arrive, every building bears marks of conflict, and entire generations of children have grown up knowing only bombings, deaths, and grinding poverty.

Yet, even with all that, life goes on—both in Beirut and in the world beyond Lebanon. Gaultier, the artist, and the Ricard brothers, the authors, capture that life—nothing big or sweeping or heroic, just necessary, at times frantic, but always very human. ~ *Sarah Martinez* See ***PREVIEWS*** page 334

JOE KUBERT: A TRIBUTE TO THE CREATOR & MENTOR

TwoMorrows Publishing

"Nothing Comes Easy to Easy!" At least, that's what Kanigher had Sgt. Rock telling us in those old issues of *Our Army at War*. And when I came across his Hawkman in *Brave and Bold* I was hooked and wanted everything I could find he worked on. Now in TwoMorrows Publishing's *Joe Kubert: A Tribute to the Creator & Mentor*, the multi faceted career of a true comic book legend receives the tribute it deserves.

Editor Jon Cooke has assembled testimonials, remembrances, and more by Joe's peers, faculty, students, fans, friends and family, with special emphasis on a history of the Kubert School, its illustrious alumni, and Joe's impact as instructor. Joe could and did do it all, write, draw, letter, teach (so much for that old axiom those that can't, teach) and did it with a style and love of the medium that few have matched.

Joe Kubert was special and this book, *Joe Kubert: A Tribute to the Creator & Mentor* is a well done tribute and a final thank you to a true comic book legend.

SUICIDE RISK #2

32 PAGES • FC • $3.99
STORY: MIKE CAREY
ART: ELENA CASAGRANDE

WHEN THERE ARE ONLY VILLAINS, BEING A HERO MAKES YOU A...SUICIDE RISK.

After barely surviving a super-powered bank heist gone horribly wrong, beat cop Leo Winters vowed to try and find a way to stop them. Following a lead, he discovered two lowlifes who seemed to be able to grant a person powers...for the right price.

Thing is: you don't get to choose which power. It's seemingly random, a crap-shoot, a risk. And now Leo will find out just how big of a risk he took...

From Eisner Award-nominated creator Mike Carey (THE UNWRITTEN, X-MEN: LEGACY) and hot newcomer Elena Casagrande (HULK, HACK/SLASH) with covers by Tommy Lee Edwards (Marvel's 1984) and Stephanie Hans (JOURNEY INTO MYSTERY), SUICIDE RISK is a high octane, mind-bending exploration of what it means to be a hero.

Leah Moore, John Reppion (w) Aneke (a) J. Scott Campbell (c)

FC • 180+ pages • $24.99 • 6/26 (C 0-1-2)

Once upon a time, the princesses of classic fairytales banded together to save their kingdoms from war! Rapa, a redheaded girl with a fiery spirit and lost memories, discovers a conspiracy that threatens the peace among all the mythical creatures of the land. Joined by the Little Mermaid, the Frog Prince, and Red Riding Hood, Rapa journeys through legendary realms to foil the scheme! Who has stolen the identities of Rapunzel, Belle, and Talia, the beloved heroines, and plots to destroy all the Faerie races?

As an added bonus, Damsels includes "Behind the Magic," a collection of whimsical prose tales from The Brothers Grimm and 1,001 Arabian Nights!

"There's a richness and delight to the art that backs up the script. Details here matter, you need to keep your eyes open for characters who will be more important panels or pages later." - Bleeding Cool

"Leah Moore and John Reppion, aided by some beautiful art by Aneke, do a remarkable job of creating a richly realized fairy tale world that manages to avoid most of the genre's more obvious cliches and uses its characters in surprising ways. Damsels is a fantasy likely to appeal to the widest possible audience." - ICV2

A USER'S GUIDE TO NEGLECTFUL PARENTING GN

(W/A/CA) Guy Delisle

With *A User's Guide to Neglectful Parenting*, the dry humor that pervades Guy Delisle's landmark and praised graphic travelogues takes center stage. Quick, light vignettes play on the worries and cares any young parent might have, and offer wry solutions to the petty frustrations of being a dad who works from home. Readers familiar with Delisle's stranger-in-a-strange-land technique for storytelling will recognize the titular parent in this book; Delisle's travelogues were simultaneously portraits of complex places and times, and portraits of a stay-at-home dad's ever-changing relationship with his children while his wife is out working for Doctors Without Borders. The relationship between young child and all-too-irony-aware parent is beautifully done here, and Delisle's loose flowing style has been set free, creating a wonderful sense of motion throughout. *A User's Guide* is an intimate, offbeat look at the joys of parenting. ANIMALS WITH SHARPIES HC

ANIMALS WITH SHARPIES

Animals With Sharpies is a collection of paintings with hand-lettered texts. In each painting, Michael Dumontier and Neil Farber have depicted an animal holding a sharpie, ostensibly writing a message. These messages are varied in nature: they are political and religious tracts, confessions, recipes, arithmetic problems and more. Above all, these paintings are funny, but they are also startlingly poignant and jarring for the humanness of the suffering and longing depicted in these animals' simple words. O/A CONSTRUCTIVE ABANDONMENT HC

(W/A/CA) Michael Dumontier, Neil Farber

Constructive Abandonment is a series of small paintings featuring surreal vignettes with animals and children weighed down by the pressures of life. With absurdly comedic interactions, the text varies from straightforward to even more abstract and nonsensical than the images that it accompanies. The paintings reference child's play or literature and others are seemingly without reference, completely untethered. Pages that could be forgettable one-liners become investigations into intellect and our ability to draw correlations between contradictory elements in a single image. (STK438974)

BURMA CHRONICLES

BURMA CHRONICLES GN

(W/A/CA) Guy Delisle

Burma is notorious for its use of concealment and isolation as social control, where censors monitor the papers, the *de facto* leader of the opposition has been under decade-long house arrest, insurgent-controlled regions are effectively cut off from the world, and rumor is the most reliable source of current information. Delisle's *Burma Chronicles* presents an incisive portrait of the isolated country. (STK419791)

JERUSALEM: CHRONICLES FROM THE HOLY CITY HC

(W/A/CA) Guy Delisle

Guy Delisle expertly lays the groundwork for a cultural road map of contemporary Jerusalem, utilizing the classic stranger in a strange land point of view that made his other books required reading.

In *Jerusalem: Chronicles from the Holy City*, Delisle explores the complexities of a city that represents so much to so many. He examines the impact of the conflict on the lives of people on both sides of the wall while drolly recounting the quotidian: checkpoints, traffic jams, and holidays. When observing the Christian, Jewish, and Muslim populations that call Jerusalem home, Delisle's drawn line is both sensitive and fair, assuming nothing and drawing everything. PYONGYANG: A JOURNEY IN NORTH KOREA TP

(W/A/CA) Guy Delisle

Famously referred to as one of the "Axis of Evil" countries, North Korea remains one of the most secretive and mysterious nations in the world today, even after the death of Kim Jong-il. In early 2001 cartoonist Guy Delisle became one of the few Westerners to be allowed access to the fortress-like country. While living in the nation's capital for two months on a work visa for a French film animation company, Delisle observed what he was allowed to see of the culture and lives of the few North Koreans he encountered; his findings form the basis of this remarkable graphic novel. SHENZHEN: A TRAVELOGUE FROM CHINA SC

(W/A/CA) Guy Delisle

Shenzhen is entertainingly compact with Guy Delisle's observations of life in urban southern China, sealed off from the rest of the country by electric fences and armed guards. With a dry wit and a clean line, Delisle makes the most of his time spent in Asia overseeing outsourced production for a French animation company. He brings to life the quick pace of Shenzhen's crowded streets. Delisle skillfully notes the differences between Western and Eastern cultures, while also conveying his compassion for the simple freedoms that escape his colleagues in the Communist state. 365 DAYS: A DIARY BY JULIE DOUCET HC

Five years ago Julie Doucet renounced her comics-centric lifestyle. But Doucet could not turn her back on art, and this visual journal is an idiosyncratic collision of her various creative interests, wherein personal narrative, collage and drawing tell the story of her pursuits into printmaking and beyond. The surreal neurosis of her comics has subsided to reveal a more relaxed creativity that is unrestricted by form or definition and is as engaging as ever. (STK349231)

$18.99 / HC / 104 pgs / BW / 7.25 x 10.5

A tale of mendacity and heroism, *Run Like Crazy...* is full of moments of pitch black humor with a strong current of socio-political satire beneath its bleak surface. ASTERIOS POLYP GN

(W/A/CA) David Mazzucchelli

Winner of the 2010 Eisner Award for Best Graphic Album — New! Asterios Polyp's New York lifestyle goes up in flames. Trying to rebuild, he leaves the city and relocates to a small town in the American heartland. But what is this "escape" really about? The pieces of Polyp's life come together as past and present collide, and the mystery of Hana, the artist he loved, deepens. Mazzucchelli's extraordinarily imagined world of brilliantly conceived eccentrics becomes a masterpiece: a great American graphic novel. (STK391705)

KRAMERS ERGOT VOLUME 8 HC

Kramers Ergot is the premier comics anthology of the 21st century. It has always been a reflection of editor Sammy Harkham's current interests in comics past and future. In that spirit, with this new volume, the he severs *Kramers Ergot* from many of the formal and stylistic elements with which it made its name. *Kramers Ergot 8* is a complete shift both aesthetically and physically. The size of the book is smaller, to encourage a more intimate reading of the material, and the content reflects a focus on substantial works from a small group of no more than a dozen artists. There's a war coming to the City of Angels. In tunnels beneath the city, in the dark alleys among the homeless, demons lurk and Lucifer bides his time. One man knows. One man sees. One man walks those dark streets. Father Daniel Beckett's seen demons and he's spoken to the Devil, but he's never seen an angel and he's never spoken to God. Obsessed and driven as much by betrayal as righteousness and anger as redemption, he walks the smoke-filled encampments of lost souls like Dante's nine rings of the Inferno. He is God's warrior at war with God. (STK610483)

Now that they've been thrown back together thanks to a work project, Nakano is determined to put the past behind him, and both men decide to keep their relationship strictly professional. HARBINGER WARS tie-in! It's payback time!

After Dr. Emmanuel Kuretich freed Bloodshot from Project Rising Spirit, he promised Bloodshot that the answers to his identity would be found inside PRS' secret Nevada facility. He lied. Instead, Bloodshot discovered two dozen super-powered psiot children – children that Kuretich then manipulated him into setting free. Now that the kids are out and have ignited a Harbinger War in the middle of the Vegas strip, Bloodshot is all that stands between them and the opposing forces of Toyo Harada and Peter Stanchek. BLOODSHOT VOL. 2 : THE RISE AND THE FALL TPB

Assault on Project Rising Spirit!

Bloodshot is finally free of the memories that have haunted him since his awakening – but now even greater mysteries remain. Who was he before he was transformed into a walking weapon of mass destruction? And does he have a real family out there somewhere? Unfortunately, the only man with the answers is the former mastermind of Project Rising Spirit, the quasi-governmental science division that created him – and he's just struck a devil's bargain with Bloodshot: "Destroy your creators and I'll reveal everything." Well, almost everything.

Collecting BLOODSHOT #5-9 by acclaimed writer Duane Swierczynski (*Birds of Prey*) and artists Manuel Garcia (*Black Widow*), Arturo Lozzi (*Immortal Weapons*), and Matthew Clark (*Avenging Spider-Man*), Bloodshot's brutal, bullet-riddled tour of duty through the Valiant Universe continues right here in the second shock-inducing volume of the series that Complex calls "hard and heavy with each issue."

First published in 2006 as a six-issue comics series, *Mouse Guard* quickly became a surprise hit, enchanting readers of all ages. Its beautiful artwork and engaging animal heroes recall the work of Beatrix Potter, while the narrative has all the dark grandeur of *The Lord of the Rings*. A thrilling story of heroism, loyalty, and betrayal, *Mouse Guard* is a major fantasy epic — in miniature. (STK423872)

THE GETTYSBURG ADDRESS: A GRAPHIC ADAPTATION TP

(W) Jonathan Hennessey
(A/CA) Aaron McConnell

Most of us can recall "Four score and seven years ago", but much of what we know about Abraham Lincoln's Gettysburg Address, and what it has to say about the Civil War itself, has been lost since we left school. Using Lincoln's words as a keystone the book shows us the events through the eyes of those who lived these dramatic events, drawing from first hand accounts from everyone from soldiers to slaves, as well as through dramatizations with key figures during pivotal events. BOYS OF STEEL: THE CREATORS OF SUPERMAN
(W) Marc Tyler Nobleman
(A/CA) Ross MacDonald
Celebrating Superman's 75th Anniversary! Jerry Siegel and Joe Shuster, two high school misfits in Depression-era Cleveland, were more like Clark Kent — meek, mild, and myopic — than his secret identity, Superman. In 1934, the summer they graduated from high school, they created a superhero who was everything they were not. It was four more years before they convinced a publisher to take a chance on their Man of Steel in a new format — the comic book. The author includes a provocative afterword about the long struggle Jerry and Joe had with DC Comics when the boys realized they had made a mistake in selling all rights to Superman for a mere $130. MARVEL COMICS: THE UNTOLD STORY HC

(W) Sean Howe

Operating out of a tiny office on Madison Avenue in the early 1960s, Marvel Comics introduced a series of superhero characters with eye-catching bright costumes, smart banter, and compellingly human flaws, weaving a tapestry of stories that would become the most elaborate fictional narrative in history and serve as a modern American mythology for millions of readers. Throughout the decades-long journey to a multi-billion-dollar enterprise, Marvel's identity has continually shifted, careening between scrappy underdog and corporate behemoth. *Marvel Comics* packs anecdotes and analysis into a gripping narrative of how a small group of people on the cusp of failure created one of the most dominant pop cultural forces in contemporary America. No, we're not trying to sell you a shirt with QR code on it... at least not this month!! Our goal is to work with the comic specialty retailers so that you have the Man of Steel shirt designs you want and need in your store in time for the release of the movie in June.

Because we are unable to show you any of the shirt designs we'll be offering until April 20th (as per our agreement with Warner Bros.), we're left with few options. The QR code on this page will bring you to a web page that we've set up. This page will tell you about the shirts that will be available and may even have a clock on it counting down the days, minutes and hours until the reveal. The shirts will be pictured prior to April 20th, at which time, the shirt designs will become visible for the world to see. Once you see the shirts, details will be provided regarding how you can place your order for these shirts.

We will be working closely with Diamond to develop a system so orders can be placed through them. [illegible] shirts can be produced and we can ship shirts out to Diamond as quickly as possible. Though the April 20th date falls after the traditional order "due by" date for Diamond, we hope if all parties work in unison, we can make this work and see make this shirt program successful... without making you to purchase shirt designs sight unseen.

The Man of Steel is back on the big screen!

POWER MAZINGER-Z "ORIGINAL VERSION" VINYL FIGURE

(A) Touma

From Phalanx! A Go Nagai x Touma x Phalanx three-dynamic crossover. *Mazinger-Z* is a Japanese manga and anime series originally created by Go Nagai, in 1972. Phalanx, a design and creative company in Taiwan, developed a brand-new platform toy called "Mr. Power" in 2008. They then invited the Japanese toy designer Touma, known for many of his popular toy designs including the Knuckle Bear that resembles the graffiti style of an human-like bear, to create a new image for Mr. Power and Mazinger-Z, the *Power Mazinger-Z*. The design of Power Mazinger-Z keeps the essence of Mr. Power's figure shape and the essential elements of Mazinger-Z. DISNEY TRADITIONS: MICKEY THROUGH THE YEARS

2013 marks the 85th birthday of Mickey Mouse. To commemorate this special occasion, Jim Shore has created a special "Mickey Through the Years" collection that highlights several milestones over the decades. 1928's "Plane Crazy" was the first Disney cartoon but the third released. 1935's "The Band Concert" was Mickey's first appearance in color. Mickey's first time in a feature film came as "The Sorcerer's Apprentice" in 1940's Fantasia. "Roundup Mickey" from 1955 depicts the mouse as he appeared on the Mickey Mouse Club. Finally, "Modern Day Mickey" shows off Mickey as he appears today. Each figure stands between 6" and 7 1/2" tall and is made of stone resin. PATHFINDER CAMPAIGN SETTING: WORLDWOUND

A century ago, the nation of Sarkoris was murdered. Today, this realm is a horrific, post-apocalyptic nightmare, a landscape cloven by a vast canyon that connects this world to the demon-haunted reaches of the Abyss. This rift is known as the "Worldwound", and through it, the demon horde has infested an entire region. While the demon armies have been held in check by barbarians and crusaders alike, the region within that was once Sarkoris is now ruled by fiends. Worse, the Worldwound itself is slowly growing. And if something isn't done to halt this blight it — and the demons it spawns — may one day swallow all of Golarion! This 64-page softcover book explores the demon-blighted land of the Worldwound (site of the new "Wrath of the Righteous" Adventure Path) in great detail. Ruined cities, key historical sites, and more are presented, along with an exhaustive examination of the strange and otherworldly hazards of the region. The book also includes several adventure sites ready for exploration, along with a few locations like the holdout town of Gundrun, which can serve heroes as (relatively) safe harbor in a deadly land. Finally, an extensive bestiary presents more than a dozen new monsters and demons and enemy NPCs along with two new monster templates, ensuring your PCs will never lack for foes in this devastated realm! The problem: as much as he wants to start a relationship with her, he keeps getting romantically intercepted by the OTHER cute girls in the show. It's not like they're just trying to stop a Naoto/Natsumi hook up. They seem to be actively "interested" in the cute young man who's running the behind the scenes production camera! But that's not the biggest twist, because unknown to anyone except the show's producer, Ooizumi *isn't* just a camera operator, he's also the show's *writer*! In a slapstick spoof of hitmen and crime stories, the head of a security systems company is bumped off by two gonzo exterminators who have gone from stomping out pesky varmints to stomping out human targets. The exterminators go after the partner who hired them and his blatantly obnoxious wife (Louise Lasser) and, in the meantime, frame a poor security guard (Reed Birney) for the murder of the company boss. Directed by Sam Raimi (*Evil Dead, Oz the Great and Powerful*), and features a screenplay by Joel Coen (*The Big Lebowski*). And yes, Bruce Campbell makes an appearance! Max Brooks Redefines "Zombies vs. Vampires"

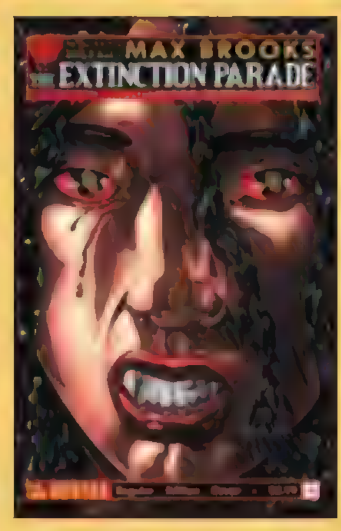
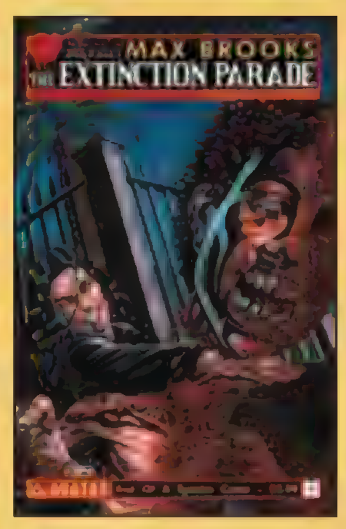
Avatar Press has always pushed the limits of horror to the extreme with legendary creators like Garth Ennis, Warren Ellis, and Alan Moore. This June, they will introduce the world to a frightening new evolution of the genre with an original comics project by *New York Times* best-selling author and zombie expert, Max Brooks. With millions of copies of *World War Z*, *Recorded Attacks*, and the *Zombie Survival Guide* preparing readers for the coming Zombie Apocalypse, Brooks brings his trademark wit, research, and imagination to ***Extinction Parade***.

In a world where the zombie plague has decimated the human population, the vampire race begins to realize that their prey is facing extinction. When the two most powerful subdead races undergo all-out war, will the resulting conflict save mankind… or subjugate it? ***PREVIEWS*** caught up with Max Brooks to get the lowdown on ***Extinction Parade*** and the horror to come…

FLIPside





MAX BROOKS
THE EXTINCTION PARADE

***PREVIEWS**: Many believe **The Zombie Survival Guide** is responsible for the resurgence in popularity of zombies in popular culture. The 2003 manuscript was a New York Times best-seller and is still a hot commodity in book stores. What is it about zombies that started your fascination with the undead?*

Max Brooks: I wouldn't so much call it a fascination as a fear. When I was a kid, I accidentally stumbled across an Italian zombie movie on cable. It scared the crap out of me. The idea of a mindless, relentless, endlessly multiplying threat was unlike anything I'd ever seen. All previous monster movies were, at least to me, punishment movies. All their victims had made bad decisions; they had gone swimming after dark; they'd moved into a haunted house; they'd answered a signal from an alien planet… they had been *consciously* or *unconsciously* looking for trouble. And they found it. Not so with zombies. They came after people who were just minding their own business. They came after everyone. They weren't predators, they were a plague!

*P: **PREVIEWS** readers may know you from **The Zombie Survival Guide: Recorded Attacks** and **G.I. Joe: Hearts & Minds** graphic novels. What is it about the comic book and graphic novel medium that interests you in creating new projects in this market?*

MB: Some stories are meant to be visual, and comics are the purest visual medium. Unlike movies, you don't have to worry about budgetary constraints. You can see anything, do anything, tell any story you want. My wife likes to remind me of how giddy I was when I got the first pages for ***Recorded Attacks*** from the artist, Ibraim Roberson. Ever since I'd written those original stories years ago, I'd dreamed of actually seeing them, and now there they were, right in front of me. It felt like when I was little opening my presents under the Christmas tree. Likewise with ***G.I. Joe***, I learned how exciting it was to be surprised by an artist's vision. Comics aren't over-collaborative like movies, but they are just collaborative enough for me to be blown away by someone else's talent. That's how I felt the first time I saw Howard Chaykin's Major Bludd. It was better than anything I could have imagined.

*P: This month. Avatar Press is launching **Extinction Parade #1** in **PREVIEWS**. The new horror series is described as "vampires descending into an all-out war with zombie hordes." It seems like such a natural evolution of classic monster icons. What was your inspiration for this new chapter in the zombie histories you chronicle?*

MB: I came up with the idea for a short story a few years ago, right before I was asked, ironically, to be on an episode of the TV series, *Deadliest Warrior*, that pitted zombies against vampires. Even though I'd finished the story before we started taping the show, that experience made me realize how much more I wanted to say on the subject. I was working with three of the smartest horror/sci-fi minds I'd ever met; Matt Mogk, the founder of the "Zombie Research Society" was with me on Team Zombie, while Steve Niles and Scott Bowen were on Team Vampire. Steve and Scott are both formidable scholars who forced me to up my game. They made me examine every link in my logic chain. They made me think longer and harder about arguments that I had simply taken for granted. Likewise, Matt Mogk has a sharp mind that always goes for substance over style. I came out of that show wanting to say so much more about a zombie/vampire conflict and Matt encouraged me to adapt it into a comic book series.

*P: **Extinction Parade** is illustrated by artist Raulo Caceres of **Crossed** and **Captain Swing** fame. His line work is incredible and he has the creative reach to turn in an incredible epic on your new project. Did you hand pick Caceres for the art chores. and what is your opinion of his work on **EP**?*

MB: Raulo was recommended to me by William Christensen at Avatar. I was already a fan of his work on *Crecy*. He has an amazing ability to capture reality with photographic detail. His attention to every individual line is exactly what I wanted in ***Extinction Parade***. In *Crecy*, you really felt like you were there and I think that's very important for a place and time that was relatively unknown. I'm not saying it's wrong to have stylized art. I think what Ben Templesmith did on *30 Days of Night* was brilliant. In certain situations however, when the setting might be foreign to the reader, such as Malaysia in ***Extinction Parade***, I wanted to make sure we captured the minutest of details to really create a sense of being there. Raulo's a master at that kind of artwork. I feel very lucky to be working with him!

BEIRUT 1990: SNAPSHOTS OF A CIVIL WAR

Humanoids

Lovers of comics [illegible] and [illegible] travel documentaries, rejoice! Award-winning creator Christophe Gaultier's *Beirut 1990: Snapshots of a Civil War* has been translated and will be available in a stunning Humanoids hardcover treatment, following in the brilliant tradition of titles like *Jerusalem: Chronicles from the Holy City*, *Pyongyang: A Journey in North Korea*, *Footnotes in Gaza*, and *The Photographer: Into War-Torn Afghanistan With Doctors Without Borders*, this title is sure to please historians, biography fanatics, and current events junkies alike.

This kind of person-to-person history in comics is a powerful read. The creators are able to convey the visual nuances of film with the intimacy of a novel and the truth of a documentarian with the controlled framing of a classical artist. *Beirut 1990*, a graphic novel documentary, follows a pair of young brothers working with a relief organization in Lebanon during the last years of the Lebanese Civil War. The landscape and people depicted here suffered war for 15 years without any predicted end, torn between religious and ethnic factions. When Sylvain and Bruno arrive, every building bears marks of conflict, and entire generations of children have grown up knowing only [illegible], and grinding poverty.

Yet, even with all this, life goes on, both in Beirut and in the world beyond Lebanon. Gaultier, the artist, and the Ricard brothers, the authors, capture that life—nothing big or sweeping or heroic, just necessary, at times frantic, but always very human.

MERCY SPARX #1

Devil's Due

New material, new creative team...same feisty Mercy Sparx. Devil's Due Entertainment brings us the new series of *Mercy Sparx* comics after some hiatus from the character. I was a fan of the older stuff, and I found it to be easy to follow without much fluff or confusion from issue to issue. She's a devil girl hunting rogue angels. Shortest plot synopsis ever, I'm sure. This isn't one of those series where you need to read a ton of backlist to understand all the nuances of the characters, you will be able to pick up issue #1 when it hits stores in June and join Mercy Sparx on her newest adventures.

JOE KUBERT: A TRIBUTE TO THE CREATOR & MENTOR

TwoMorrows Publishing

"Nothing Comes Easy to Easy!" At least, that's what Kanigher had Sgt. Rock telling us in those old issues of *Our Army at War*. And when I came across his Hawkman in *Brave and Bold* I was hooked and wanted everything I could find he worked on. Now in TwoMorrows Publishing's *Joe Kubert: A Tribute to the Creator & Mentor*, the multi faceted career of a true comic book legend receives the tribute it deserves.

Editor Jon Cooke has assembled testimonials, remembrances, and more by Joe's peers, faculty, students, fans, friends and family, with special emphasis on a history of the Kubert School, its illustrious alumni, and Joe's impact as instructor. Joe could and did do it all, write, draw, letter, teach (so much for that old axiom those that can't, teach) and did it with a style and love of the medium that few have matched.

Joe Kubert was special and this book, *Joe Kubert: A Tribute to the Creator & Mentor* is a well done tribute and a final thank you to a true comic book legend.

MAGIC WIND GN

Epicenter Comics

Like the popular "spaghetti westerns" from the past, Italian writer, Gianfranco Manfredi, sculpts a unique western adventure in *Magic Wind* that is now finally making its way to North American readers.

Ned Ellis, a white man in the Old West loses his identity from a massive railroad accident and is reborn as "Magic Wind," a member of the Sioux Indian tribe. A journalist who shares the name and appearance of the famous writer Edgar Allen Poe goes on a mission to investigate the same accident. Together, both men join forces to solve the true, devious conspiracy behind the accident and bring violent justice to the men responsible.

2000 AD artist Jose Ortiz illustrates this dark western tale with a style similar to the classic EC horror comics, giving *Magic Wind* a unique "classic" look that stands it apart from other recent western comics.

SUPER BOYS: THE AMAZING ADVENTURES OF JERRY SIEGEL AND JOE SHUSTER- THE CREATORS OF SUPERMAN

Books

We all know the story of how two friends, writer Jerry Siegel and artist Joe Shuster, got together and created *the* super-hero and started a genre that remains to this day. We also know about their poor business decisions, how some in the industry helped them get the recognition they deserved for their creation, and how the family is still fighting for what is due.

Super Boys: The Amazing Adventures of Jerry Siegel and Joe Shuster- The Creators of Superman gives you so much more than just what's been written previously by others. Author Brad Ricca has provided us with Jerry and Joe's family backgrounds adding to why and how they became the people they became. The research done for this book is astounding and helped to make it a "can't put down" read.

This is a must read if you ever plan to read anything about the history of the comic industry. An extremely well researched and written piece, maybe Mr. Ricca should be working for a great metropolitan newspaper or a blog.

SIX GUN GORILLA #1

BOOM! Studios

I knew when I heard the title of this book was going to be *Six Gun Gorilla* that I would be writing my staff pick on this. Gorillas… and guns? Genius.

The original *Six Gun Gorilla* series was published in the British publication *Wizard* back in the 1930's. Now we'll be treated to more Gorilla gun toting action! Writer Simon Spurrier (*X-Men Legacy*, *Extermination*) and artist Jeff Stokely (*Fraggle Rock*) are taking a new spin on this heavily armed Gorilla.

By the 22nd century the Earth is worthless. Our natural resources are spent. An alien world known as "The Blister" has been colonized and is heavily contested due to its rich resources. Our Gorilla, a biologically engineered silverback, armed with two massive revolvers, roams a war torn alien planet encountering outlaws, soldiers, and natives.

Pick up *Six Gun Gorilla* #1 this June and don't forget to ask your retailer about the variant incentive cover by James Harren (*B.P.R.D*).
